SUMMARY

As a frontend developer with over four years of experience at Softmahal Technologies, I have developed a comprehensive skill set in front-end development, web design, user interface design, and search engine optimization. I am proficient in a range of technologies, including HTML, CSS, JavaScript, Git, and Nuxt.js. With strong communication skills, I am able to work collaboratively with teams to deliver high-quality projects. In my freelance work at API Technology Pvt. Ltd., I gained experience in video editing and web development. Prior to this, I worked as a graphic designer at Fivonest Technology Pvt. Ltd., where I honed my skills in graphic design, logo design, and HTML5. I am now seeking new challenges and opportunities to utilize my skills as a frontend developer in a dynamic and innovative organization.
